

Worship

Our Directory for Worship states:

The worship of God is the highest act of the human soul. It is essential to spiritual life and growth, and should be regularly and thoughtfully performed. Individuals and families should engage in private and family worship morning and evening for their own growth in grace. They should also meet together in public assemblies, for God has promised special blessings when His people unite in worship.

Christian worship is the expression of the soul's love for God, dependence on God and joy in God. God alone, Father, Son and Holy Spirit, as revealed in the Holy Scriptures, is the object of worship. Worship is to be offered only in accordance with His appointment, and in harmony with the Scriptural principle that whatsoever is not commanded in the worship of God is forbidden.
