

Faith Ministries

Faith Ministries is the outreach and service arm of White Lake Reformed Presbyterian Church. We provide food through The Shepherd's Pantry to qualified families of the Town of Bethel. We also hold a monthly senior luncheon for senior members of our community. Our ministry includes serving the young people of the community by conducting a weekly after-school elementary program, Adventure Club, hosting a monthly movie night, and various teen programs. We also have a summer carnival and silent auction which draws a good response from families in our area. We welcome support from community-minded individuals and businesses. We are a recognized non-profit organization
